There has been drop in attendance of students enrolled for NUSSD programme. Currently 350 students are attending NUSSD lectures. As per feedback from students the main cause is timings of the NUSSD lectures. There was a huge gap of timing between completion of college lectures and beginning of NUSSD lectures. Apart from this students also mentioned that some volunteer teachers were not able to generate interest in the sessions, lectures were canceled at the last moment. It was also sighted that there has been lack of involvement from the part of the program officer.

In the last academic year many officials from reputed organizations like J P Morgan Chase & IBM visited our campus for interaction with students & the NUSSD team.

In order to provide professional inputs to students, expert guidance & motivational lectures were organized for TY students.
