

SREE NARAYANA GURU COLLEGE OF COMMERCE

FEEDBACK REPORT (2020-21)

During Academic Year 2020-21, due to temporary closure of educational institutions, the lectures were taken in online mode, however, the feedback on syllabus and its transaction was collected through Google form from the following stakeholders and the following observations have been found. The main objective of collecting the feedback was to know the opinion of the stakeholders on current methodology of teaching and about the syllabus and how we can improve it.

1. Students:
 - Most of the students were satisfied with the contents of the syllabus.
 - Students were having common complaints, due to network instability or poor connection, they miss some parts of the online lectures.
 - Most of the students want the practical aspects of learning should be added.
2. Teachers:
 - Most of the teachers were of the opinion that current syllabus is having relevance with the objective of the courses.
 - Few of the teachers were having opinion that some courses should be introduced which can have the scope of inculcating employable skills among the students.
 - Teachers were of the opinion that the time limit (90 teaching days) are justifiable for completion of the syllabus.
3. Employers:
 - Most of the employers showed their satisfaction with the relevance of the syllabus with the current job requirements.
 - However, they suggested to introduce some flexible courses containing practical learnings.
4. Alumni:
 - Alumni were of the opinion of providing certain courses where students should learn about other elements apart from their core subjects.
5. Parents:
 - Most of the parents are not educated and during parents meeting it was found that they are satisfied with the contents of syllabus.
 - Most of the parents were eager to know about the job opportunities about their children.
